I N T R O D U C T I O N

This preliminary draft consists of two different sections: The first section being a directory of 30 libraries and documentation centres in the field of literacy. Information concerning these centres was gathered by means of a questionnaire which was sent to different libraries and information centres by the Library of this Institute in May 1972. The general purpose of this section is to locate those centres throughout the world which maintain a collection of materials and documents in the field of literacy, adult education, and the related fields, such as education, vocational training, community development, social change and modernization.

The second section consists of classified information concerning 104 literacy projects all around the world. Information concerning this part has been obtained from the documents available in the Documentation Unit of this Institute. The purpose of this section is to identify organizations and projects carrying out literacy activities in different countries of the world. In this section certain abbreviations have been used as follows:

Lit. - Literacy

Ed. - Education

Gov. - Governmental

Org. - Organization

Mat. - Materials

Min. - Ministry

W.O.A.L.P.P. - Work-Oriented Adult Literacy Pilot Project.

S.I.L. - Summer Institute of Linguistics

Assoc. - Association

Y.W.C.A. - Young Women's Christian Association

Com. Dev.- Community Development

This second section of the preliminary draft is followed by a list of names and addresses of the organizations sponsoring those literacy projects.

We shall appreciate it if the organizations mentioned in this Directory would inform us whether all the information is accurate and up-to-date. This will certainly help us to publish a reliable Directory of Literacy Projects and Libraries for Neo-literates in the near future.
